Simple, scalable payment solutions

Online payments right from your website

- Shopping cart functionality
- One-time and recurring payments
- Robust customization options
- Late cut-off times for two day funding
- Receipt and email payment confirmation

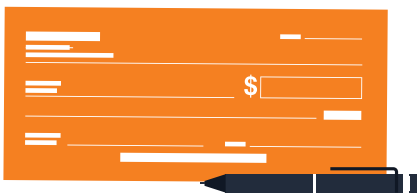

Mobile payments from smartphones and tablets

- Accepts both ACH/eCheck and debit/credit card payments
- SMS text receipts
- Great for on-the-go payments or remote office locations
- Instant card authentication at the swipe for real-time fraud detection
- Immediate tokenization and transaction decryption in hardware

Flexible payment options built right in

- Accept both ACH/eChecks and credit/debit cards in-person or online with a single intuitive payment form integrated with Dove Net. Use Forte's credit card processing services or integrate with your current processor, your pick.

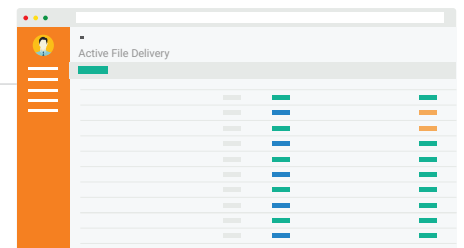

Efficient, low-cost ACH processing

- Process ACH/eChecks for less than the cost of credit cards
- Collect and disburse funds electronically from checking accounts
- Accept payments immediately and deposit automatically for a streamlined payment process
- Use recurring transactions to put billing on auto-pilot

Insightful, tailored reporting

- Manage everything from the cloud. Experience the power and ease of real-time hierarchical reporting with intelligent features.
